OUTDOOR DIGITAL MEDIA

PERFECT PLATFORMS TO BROADCAST YOUR MESSAGE TO THE WORLD

We provide high quality, purpose built, IP65 rated LED screens & LCD displays, designed specifically for permanent fixed outdoor installations, offering the best balance between weight and durability.

VuePix Infiled LED screens are built to withstand harsh outdoor environmental factors such as direct UV rays, varying temperatures, constant vibrations and severe weather conditions.

All our outdoor digital displays are equipped with automatic brightness sensors, to ensure the perfect visual performance in any light condition, as well as to meet local council regulations. The patented Display Monitoring System allows live control and remote management of all key functionalities from anywhere around the globe.

From national advertising corporations in prime locations to promoting local businesses in your neighbourhood, VuePix Infiled outdoor LED displays provide the perfect platform to broadcast your message to a world of potential customers.

Our digital technology platforms make brands unmissable!

- *Exceptionally high brightness*
- *Delivering excellent visuals in any light condition*
- *Built to withstand outdoor elements*
- *Advanced content management system*
- *Patented real-time monitoring system*
- *Reliable technology with great ROI*
- *Local service & support teams*
- *Tailored maintenance programs*
